Mr Alex Umansky
Defence Communications Industry Proprietary Limited
37 Prentice Street
Elsternwick VIC 3192

Dear Mr Umansky,

Thank you for your proposal to participate in the Army Innovation Day 2016.

Following a detailed review process I have selected your proposal of the Portable, scalable intelligent power storage to be presented at the Army Innovation Day on 12 October 2016. My staff will contact you shortly with further information to help you prepare for the event.

As a result of the same review process, I did not select your remaining two proposals for presentation at AID16 as there were other more compelling proposals when assessed against the AID16 criteria.

My point of contact is Lieutenant Colonel Stephen Hledik on 02 6265 7695 or stephen.hledik2@defence.gov.au.

I look forward to meeting you at the Army Innovation Day and learning more about your proposal.

Yours sincerely

FA McLachlan, AM
Major General
Head of Modernisation and Strategic Planning - Army
